Figure 2 shows changes in a company's sales of resort holidays over the period 2022/23. The sales of eco-resort holidays grew strongly (by 15%), while sales of lake resort holidays fell significantly in the same period (by 10%). Ski holidays showed a sharp increase in sales (17%), but there was a slight drop in beach resort sales (4%). Health resort sales remained the same from 2022 to 2023.
